

INTEGRITY

It's the one thing all our associates share.

With a foundation of integrity, Sinai Health System has grown to become a trusted name in community-based primary care and specialized services. Sinai is proud to offer progressive hospitals and dedicated physicians and staff, and a culturally diverse teaching institute to mentor and mold the integrity of future health care professionals. Join us in shaping health care by exploring our current career opportunity:

Infection Control Practitioner

We require an RN or medical technologist. Prior infection control experience highly desirable.

To apply, please send your resume to:
