

Description:

Infection Control Manager

MetroSouth Medical Center, formerly known as St. Francis Hospital, is committed to enhancing the health of our community in Blue Island. We are a 410 bed acute-care facility recognized nationally as a top medical center located in the southern suburbs of the Chicagoland area. We currently have an exciting opportunity for an Infection Control Manager.

Requirements:

- Illinois RN Licensure, Master's Degree in Nursing
- Infection Control Certification
- Must be knowledgeable of state and federal laws and regulations pertaining to infection control
- Ability to interpret data, analyze and project outcome relative to Infection Control
